

**Welcome to**  
**ALPI IBERICA**

ALPI IBERICA

# Introducción

Created in 2019, Alpi Iberica joins the worldwide network of offices of the Albini & Pitigliani group.

With strategically located offices, the Spanish network includes Alicante, Barcelona, Madrid, and Irún

Our management is passionate about their work and aims to achieve a profitable and sustainable business model.

All our staff are committed and focused on customer satisfaction as a key objective for the success of our company.

Our process and information technology are customer-oriented and flexible enough to adapt to our clients' ever-changing supply chain models.

# Mission

Our Mission is reflected in the concept ALPI **WITH C.A.R.E.**

Commitment, Accountability, Relationship and Expertise are at the heart of our business philosophy; through these values we strive to make the difference in the freight and logistics industry.

**Commitment:** at ALPI a service requested is a promise to deliver. Your satisfaction is our satisfaction.

**Accountability:** at ALPI we create solutions that solve real problems in a complicated world; we get involved in first person, we won't let you down. Your success is our success.

**Relationship:** customers are opportunities for us, not simple transactions; to us relationship matters today as it did 75 years ago. Your value is our value.

**Expertise:** at ALPI we take care of our people so that they can take care of your goods. Business professionals are trained and raised so you don't have to guess, you just have to ask.

The ALPI IBERICA group is divided into 2 divisions/companies:  
ALPI IBERICA LOGISTICS & ALPI IBERICA SEA & AIR S.L

Federico Albini  
PRESIDENT ALPI IBERICA

Miguel Pérez  
CEO ALPI IBERICA

**Ground Transportation & Logistics**

**SEA & AIR Freight department**

ALPI IBÉRICA is a logistics operator for freight transport by land, sea, or air, both nationally and internationally.

## ROAD TRANSPORT

- **LTL:** Consolidation to any point in Europe (European Community, Eastern Countries, Turkey, and North Africa). Specialists in handling and transporting ADR goods.
- **FTL:** Management of full loads, parcel services within and outside the national territory.
- **Express service**

Road transport to Europe represents our main business unit, offering services ranging from regular groupage services, full loads, and national distribution.

## ROAD TRANSPORT

- Regular own groupage services throughout Europe.
- Own distribution from our terminals with overnight connection in 24 hours.
- National distribution within 24/48 hours.
- Express parcel services to all of Europe, and within 24 hours on the Peninsula.
- Electronic proof of delivery (PODs) via the web.
- Direct services from Alicante, Barcelona, Madrid, and Oiartzun.

We offer standard and customized integrated logistics solutions, from warehouse outsourcing to supply chain management, including BPR consulting.

## INTEGRATED LOGISTICS

- National distribution within 24/48 hours.
- Standard storage and customs warehouse (ADT) regime.
- Pick & Pack.
- Stock control.
- Information technology applied to the logistics process (EDI, WMS, RFID).
- RGSEAA certified warehouse.
- Logistics platforms in: Alicante, Barcelona, Madrid & Oiartzun.

ALPI IBÉRICA is a logistics operator for goods transportation via land, sea, or air, both nationally and internationally

## MARITIME

- **FCL:** Full container management for export and import to and from anywhere in the world.
- **LCL:** Consolidation services for groupage, with import consolidations from China and export consolidations to the US.

ALPI IBÉRICA is a logistics operator for goods transportation via land, sea, or air, both nationally and internationally.

## AIRFREIGHT

- As an IATA agent, we handle all the necessary processes for the shipment of goods (dry or refrigerated), both for import and export.

We are a Customs Agent through the recent acquisition of the company **Fernando Flores S.L.**, now an integral part of the ALPI group

### THIS MEANS:

- Deep knowledge of European customs regulations.
- Simplified customs procedures.
- Centralized national customs clearance.
- Veterinary, sanitary, pharmaceutical, and phytosanitary inspections.
- SOIVRE

## Commitment to Quality & Safety

### Certifications and Quality Standards

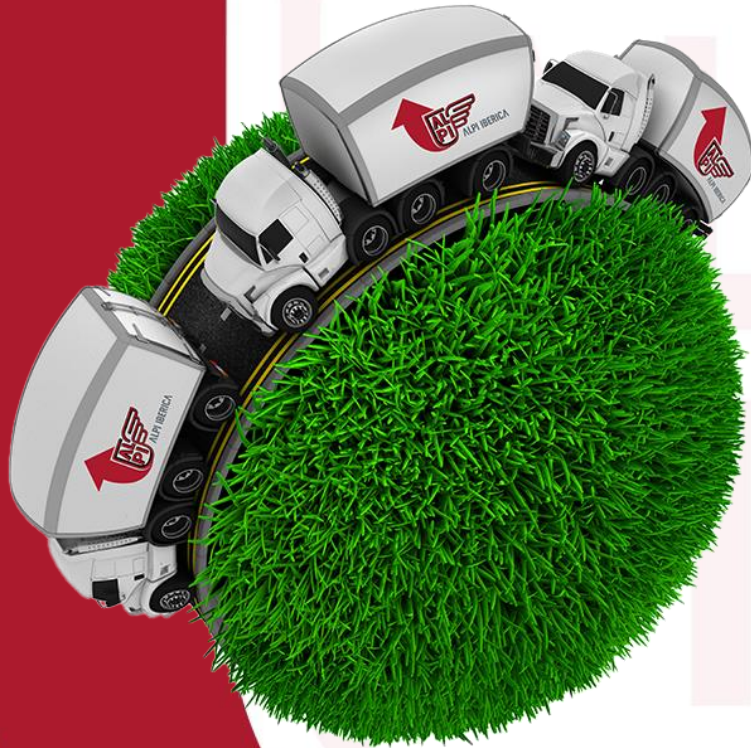

As a result of obtaining the AEO Certification for **ALPI SEA & AIR**, the most stringent security measures have been implemented in all our facilities.

# Environmental Policies

At ALPI, we are committed to environmental protection, and for this reason, we prioritize transportation methods that help reduce the environmental impact in the supply chain.

In line with this philosophy **ALPI**:

- Promotes appropriate environmental standards and behavior in its workplace.
- Develops the best solutions to measure and reduce CO2 emissions.
- Proposes the implementation of solar energy panels in its facilities

# Commitment to Quality and Safety

## Security Measures

- Personal access cards for control in all rooms of our facilities.
- 24-hour intrusion detection system.
- 24-hour emergency alert.
- Temperature control.
- Fire alarm system.
- High-resolution CCTV camera system: 24-hour digital video recording.

# Commitment to Quality and Safety

## Security Measures

- Controlled Access by Security Company.
- In accordance with the company's security policy, many security system guidelines have been implemented in our warehouses. Access is controlled by an emergency alert software that immediately transmits evacuation and other urgent messages.
- Emergency broadcasts are delivered to every sector and room within the warehouses. Access control and all security systems are managed by the company's security team and a local private security firm.
